The Salar Jung Museum houses an eclectic collection of 46,000 objects from traditional attire and miniature paintings to sculptures and carpets to toys, furniture and clocks. The collection comes from the illustrious Salar Jung family. With the Audio guide app for Salar Jung Museum, which is powered by HopOn India, Visitors who are curious about the stories behind the artefacts and the magnificent history behind the spectacular pieces can easily heard on their own mobile phones at the museum during the tour.

The visitors can get the mobile app ticket free with Mobile Phone ticket at ticket counter. Once they download the app they have to enter the code provided for the same to start the Audio Tour.
